“ Robert & I "bumped" into Clayton and Marilyn, and then just Clayton a number of times while eating out. Their story always was that they hadn't paid the electric bill, so the stove wouldn't work. Thus, they had to eat out!

“ My uncle Clay was married to my mom's sister Aunt Marilyn we used to go up to North Dakota every summer and spend time on the farm and one of the funniest things I remember was Uncle Clay and my dad and uncle Kent picking on Uncle Al you would have had to have been there to appreciate the funniness of it and it was always so fun to watch that Love you guys You're in my heart

“ I'll always remember the time I went deer hunting on my own (I think it was Veteran's Day and everybody else was working). Dale knew I was going hunting on my own but we didn't think to say anything to Clayton. So that morning, Clayton saw this stranger who was trespassing and hunting his land and he came out ready to give me the heavy. He started to chew me out from a distance and said a few choice things before he got close enough to realize who I was. Then we laughed. And we laughed some more. It was one of those unforgettable encounters I'll cherish forever. RIP my friend!!

“ We would like to extend our condolences to Clayton's family. I worked with Clayton back in the 1960's at Valley Heating Service in Valley City. He was always very helpful with any issue I had. He and his wife attended our wedding in 1962. As we moved away and upon returning to VC on vacation we would see Clayton at the VFW on Saturdays for hamburgers. He was truly a good man. He had many stories to tell and will truly be missed. Rest in peace my friend.
