“ Why did I wait until this morning to write my thoughts on my friendship with John. He loved everyone! When greeting him in church, he always got up, gave me a hug, and treated me like I was a long time friend (I compare his reaction to a puppy, being so enthusiastic).

He would even share a recipe! He loved the jams, breads, whatever!

My first instinct, when entering church, was to look toward the pew where he sat all the time.

When cleaning out his house, he gave me a complete set first to advanced books on shorthand! I wish I could write him a note, now to tell him Thank You for being You!

“ I have known Dr. Keller for most of my life. When my dad, Dean Karges, was at UND working on his Master's Degree, John was at UND working on his EdD. His mom baby sat me during that time. I know that my dad appreciated his friendship at VCSU and at First Baptist Church over the years. On occasion, he would help my dad audit the books at the church.

Dr. Keller was proud of me when I received my EdD, and would always call me Dr. Karges in church, so, of course, I would always call him Dr. Keller. He enjoyed when I played the flute during church services, and I was happy to be able to softly play a few hymns for him at the hospital the day before he passed away. He had a strong

personal relationship with Jesus, and told me several times in the last year that he was praying for my husband and me as my husband went through treatment for cancer. I will miss seeing Dr. Keller when I come home to North Dakota, but I know he is rejoicing in heaven.

“ I taught with a John for four year at VCSC in the late 1970s he was an excellent Professor and a kind and generous man. John was also my division Chair and a great mentor to a very young Accounting professor. John was a very kind loving human being who worked incredibly hard to give his students the best education possible. He was also one of the greatest walkers I have ever met, he could walk me, a twenty something colleague, into the ground. Rest In Peace John you will not be forgotten by the many people whose lives you have touched. Tom Fauchald

“ Whenever I returned to Valley City and happened to run into John Keller, he greeted me with a huge smile. He always expressed genuine interest in hearing how my career was going in Atlanta. Ever grateful to have had my father as an instructor at VCSC, he didn't skip a beat to say, "Gilmour Hanson taught me everything I know." He was very complimentary regarding their business relationship and friendship over their many years. I will miss seeing Mr. Keller, but I believe they will be discussing their days spent in Business Education and lives well-spent in Valley City in God's Heavenly Realm.

“ I am saddened to learn that John Keller passed away. He was my high school teacher, along with my dad, MH Strandberg. John and I kept in touch through the years via the 1960's class reunions. John would attend, like the most recent one just a few years ago where he remembered loaning his car to a former student, told him who when and where..He was amazing and always engaging and caring about former students and wanted to know what we were doing etc. He was a great guy with that booming voice. I won't forget him. He was a gift to the community.

“ Sad news since my mental image of VCSU and Valley City will always include John. He was a great colleague during our time at VCSU and was always willing to unselfishly give of his time and wisdom when he mentored students or younger faculty. We cherish our memories like so many others who've commented.

Ray Brown - July 10 at 10:51 AM

“ I know him from meals on wheels deliveries. He would always ask about VCSU and how things are going (he knew I worked at VCSU). And he loves his butter! I am sad not to see him on my route any longer and have our little chats

“ I was a high school student of Mr. Keller, graduating in 1961 from VCHS. He was an excellent teacher and his encouragement sent me to VCSC. I was a business ed. instructor after graduation from college. On his 80th birthday I sent him a message in shorthand and he replied in kind! Good memories.

“ John was a gem of a person. I didn't have him as a professor but got to know him as an alum and through church. John loved VCSU and Valley City so much. I can hear him singing from heaven already.

David Klein - July 09 at 09:04 AM

“ VCSU had a great teacher with Dr. Keller. On a personal note he was always one to greet you on the street, campus, walking by his home. Good guy always

Paula Heinze - July 09 at 01:31 AM

“ My first memories of John are from Goodrich. He would come home to visit his mother, and I'd see him in church. Years later, we ended up back on church together in Valley City.

I enjoyed listening to him sing. He had such a strong voice, and sang from his heart. He was also very supportive of our youth group.

Whenever I'd stop to visit with him, he'd always start with, "How are you, my friend?" He could always make me feel special!

“ Friends and Family of Dr. Keller: Dr. Keller was not only a supporter of VCSU, he was an advocate for "business education" at the state, regional, and national levels. We would visit at NBEA meetings, and he was full of energy and enthusiasm for the learning opportunities at these conferences. As a 1968 business education graduate of VCSU, I missed Dr. Keller as a professor. But I was a "study" for some of his graduate projects in shorthand. Rest peacefully, Dr. Keller!

“ Dr. Keller was my professor in Accounting at VCSU and a great mentor. We became good friends over the years. He loved to visit. We would always visit about my son-in-laws family -the Felchles from Goodrich ND. Ken's dad, Gordon Felchle and John were high school classmates. John was a great supporter of VCSU and Viking Athletics. RIP John.

Deb Feuerherm - July 08 at 09:06 PM

“ Mr. Keller was my business teacher in high school. After high school, he preferred to be called John, and I would see him many places around town and we would have a good visit. He was always so happy.

Bev Loken - July 08 at 05:36 PM

“ Dr. Keller asked me to apply to teach one year while he worked on his Ph.D. I was then able to work in the Registrar's office for 28 years. I will always appreciate his giving me the opportunity to work at VCSU. He will be missed!

Rest in piece my friend!

“ To Dr. John's Family,

I was saddened to hear of Dr. John's passing. John recommend hiring me as a part-time business teacher at VCSU in 1976 and was instrumental in my becoming a full-time professor at VCSU in 1978. He was a great colleague, mentor, and friend. You would be very "hard pressed" finding someone who loved VCSU as much as John did.

I hope you feel surround by as much love as John gave others.

“ Dr. Keller was an icon in the Business Division at Valley City State University for many years. His students will remember him for his dedication, passion and love of teaching. He inspired his students to set the bar high. He was known for his energy, strong voice, and commitment to teaching and VCSU. John was born to be a teacher and he was a very good one. You could hear him ask the students, "Is it a credit, or is it a debit?" His contributions to VCSU and his many students are many. He will be missed!
