“ Dear Paige .... I missed the gathering at the park a few weeks ago

...

*much to my distress .... at noon the word was we need to start combining the barley .... so that is what we did ... wondering all the time about the gathering.... but thankful that we could still climb the ladder and combine.*

*Yesterday I had conversation with your father .... you will be getting a check for your foundation to help other families with health emergencies.*

*Life goes on but the hurt is still present. My heart is touched by that. And tho I have never met you I pray for your well-being.... remembering a beautiful child.*

“ I saw a page in the John Deere Dealership in Valley City about this precious little child. When I wrote before there was not a picture or obituary just that this little child was going to be buried in the Kathryn area. Somehow it struck my heart and I have thought of it many times. With the page about her and her Gpa Mark to enlighten me I am truly heartbroken for you again. She will always be a beautiful child to remember like her picture! I can fully realize that for family the hurt will always be present. And so .... I am writing again on this site to let you know I care... even if I do not know you. I pray for God to be with you as He holds this child in his arms.... one of His angels. A little child's song says .... "God loves us all in a wonderful way." .... a precious promise to hang on to.

“ I do not know this little child ... with service in Kathryn, n.d. there is a chance that we know some family. However, our hearts are sad for you ... we know what it is like to have a baby in the hospital. Your little one has such a special name, Avalynn.... like a little angel. Do remember this time in your lives and tuck special memories deep in your hearts to take out and reflect on in the days to come. God;s blessings of comfort be with you !
