“ *Prayers to your family-- I met Lisa at Curves. She loved to come and exercise, meet friends, visit and have fun! She taught us a lot about having positive attitude, being kind and having fun everyday. Her smile and little giggle lit up the room, and she never let an opportunity go by without greeting and meeting new friends. Lisa's kind, gentle way will live on in the hearts of many. She was a great friend!*

“ I love this picture of Lisa. It reminds of the day when I was in Target in Fargo during the Special Olympics. When I saw her, she ran up, threw her arms around me and said "Arie, Arie" She didn't put the M in front, but I surely got a big hug.

Then I remember how proud she was to show me her apartment. I think that was when she lived with Bonnie.

She always seemed to be happy and. I'm glad we got to see her last summer. Our love and hugs to all of you. Would love to be there with you, but doubt that will happen.

May God bless and comfort all of you. My card will be coming.

Love and prayers, Carl and Marie

“ I worked with Lisa for the 15 years at Work Activity. I also did storms days at her apartment with Lynn, Sue and Bonnie. We had some fun times baking and playing games on those days. We loved to call her Lisa Pizza when she would come back from work. She was a joy to be around and we will all miss her. Tracy Selders
