“ *To Debbie, Judy, Vickie and families: I'm so sorry to hear of Harley's passing. Despite not being around much in our adult lives due to our moving away, I feel I grew up in your house as much as in mine. I have such fond memories of Harley in those formative years when we were kids running free on 2nd Avenue. I wonder how many meals and sleepovers I had at your house? Harley always had a smile and a laugh for us kids, or a whisker rub, or would drive us to the Omwick for a matinee and tell us to "be good". Another great memory of course is when he tricked me with the "magic" remote control of your new television. I'll never forget standing in your living room in awe of the channels changing all by themselves with Harley hiding the remote ready to bust out laughing. And I'll always remember his nickname for me...Mushy. Cherish your memories of him, he was special and will never be forgotten.*
