“ My mother, Ella Beth Schoenig, enjoyed several years of employment for Trapp Insurance and valued her friendship with the family during that time. I send heartfelt sympathy and prayers to all the family. May God be with you each during this time of loss.

“ Greeting the family of Lucille with prayers and hugs and love. Lucille was my girlhood friend and it remained so all her life. I first met Lucille at her aunt Beat's (Leibing) home when Leibing's were neighbors to my family. We would walk across the field to Beat's house and spend time with Lucille who was swatting flies for her aunt and then we would share home made root beer that her Aunt Beat's made. Lucille married Myles who was Howard's best friend. Together the four of us shared many great times together. we have sent a memorial to the ND Veteran's Cemetery in memory of Lucille. May God bless the memory of Lucille, a very special lady.

“ I became reacquainted with Mr. and Mrs. Trapp while my mother, Sally L. Hanson, was a resident of Sheyenne Care Center. I recall my folks talking highly of them while growing up in Valley City. Both Mr. and Mrs. Trapp were gracious and kind people and it was a sincere pleasure for me to get to know them during my visitations to the center. I can only imagine my folks were there to greet Mrs. Trapp as God called her to her heavenly home. My sympathy to Mr. Trapp and his family in their loss of a fine, genteel lady.

“ I have many good memories of my cousin, who lived next door when I was a little kid in Marion. Also good memories of spending time with her and Myles in Mesa when we would be vacationing there. I realize her past years have been difficult, but Myles was a wonderful companion and caregiver for many years.

“ *I will always remember Lucille as a very cheerful and caring lady. She was always very elegant in her way of dressing and manners. She had a love of the Lord that didnt need to be explained just her way of speaking and her caring about other people and her smile oh her smile was so beautiful. If you were in a low mood in the morning she would have you laughing and smiling by the time you were done working with hwer. She would always ask about my family but espically my husband and how his health was ans we ould talk about what to make for supper that night and sometimes she would give me some new ideas about what to make. We loved to pick out outfits and match her collection of jewerly to the outfit. She was a pleasure to help and take care of. Blessed be her memory.*
