“ *When I was a little kid I was fascinated at how Merlin would roll his cigarettes and they would stay together. To a little kid it was how the heck did he do that? Many years of good memories! Best memories of recent years is riding in Merlin's old truck with him and Eunice to go and check on the cows. Riding up and down the hills was great and he would let me get out and take pictures of the wildflowers also. By the way the cows were just fine. Merlin was always interested in our progress in fixing up the old cabin and we enjoyed visiting and meals made on the old wood stove. Thank you for the good times! Kay (Langland) Johnson*
