“ I was a neighbor of Denny. And each spring Moody would come and help in some way. With spring seeding. drive truck, or farm implements. And, never failed, he would visit, and reminiscing. How Ag. Had changed. I will miss a Friend.

“ I'm grateful for my memories of my Uncle Moody. While he lived 90 years, it still feels too soon for him to leave this world. However, I'm comforted in knowing Grandma, Grandpa, Aunts Annie, Nora, Nedde, Uncles Al and Denny as well as nieces, Vicki and Linda, and nephew, Steve were there to greet him. I believe each soul enters the Earth school for the purpose of expansion. As family members we offer one another the experiences required to learn our life lessons. While challenging, it's ultimately a loving gesture to serve in such capacity. The Farhart name represents strength and perseverance through a willingness to sacrifice and do what is required. Accordingly, I celebrate past, present and future generations.

Sending peace, love and healing prayers to Uncle Moody as he makes his transition and to Aunt Bonnie and Cousins Lexi, Matt & Elizabeth for their loss

*With love,
Cousin Penny*

“ A few days ago I lost a friend, mentor and partner in business. I was a partner in Moody’s law firm for 28 years. He hired me right out of law school and had faith in me to train me for trial work. I will always be grateful that he gave me a profession that I was very proud of. He was the best mentor one could have; he was generous, kind, and had great common sense.

I will never forget the advice he gave me as I was practicing a Supreme Court argument to be given the next day. He said my presentation was legalistic but overlooked a simple fact of the case. It involved using the dictionary definition of a word in the contract, rather than the legal definition. The next day, before the court, I added Moody’s comments to my presentation. When the court’s opinion came out the court had actually adopted Moody’s suggestion as the basis of the opinion.

In all the years together we never had an argument and he supported me in any decision I made on the case. After we moved to North Carolina in 2000, I taught paralegal classes at a community college. I used the advice acquired over the years from Moody and passed it on to the younger generation.

We kept in touch over the years and most recently spoke by phone a few weeks before his 90th birthday. He was his typical positive self. I told him I owed my entire professional career to him and how I appreciated everything he did for me. I will miss him greatly but he will forever be a big part of my life.

“ Dear Bonnie & family - I am truly sorry to read that Moody has passed. He had a very good sense of humor and a hardy laugh which I totally enjoyed. Over the years, I have chuckled to myself about the good times had by all of us who worked there. It was a very special time in my life during my 28 years there. I was very blessed to have good employers and Moody was one of the very best. And you, Beth, will always be exceptionally special to me. It was a joy to work with you because of your endearing smile, personality and wit. I have thought of you many times over the years and hope life has been good to you. You all have my condolences during this very difficult time.
