“ To Les and the family,
What a blessing to have had an opportunity to meet you
and your family. Phyllis is finally free from the disease
which robbed her of so much of her life. I am sure she
appreciated the love and support you gave her and looked
forward to your daily visits.

She never let go of her faith. A familiar prayer or song would make her face light up. She was a special lady and you are all in my prayers. You are a wonderful caring family to go through the years with her and never give up on her. God is there for you. I wish I could have known Phyllis and all of you under totally different circumstances but glad to have met you.
