“ Sincere sympathy and love in Christ, with word of your mother's passing. I enjoyed the listing of the grandchildren, and thinking of where they had scattered . Time doesn't stand still for any of us, but wonderful when a person can remain active as your mother did to a full age (Job 5:26) Roanne Kooy Wichita KS##imported-begin##Roanne Kooy##imported-end##

“ Our sympathy to the family members of Verona. She was a very kind, compassionate person to have known. I remember growing up with Wes and Verona as neighbors to my folks. Later Doug and I shared that same neighborhood friendship with Gary, Judy and family. Verona was our children's piano teacher and had wonderful patience with both Jason and Jennifer through all the years of lessons. They still play today and as adults have grown to appreciate the time and patience she spent with them. May God be with you at this time as it is very difficult losing ones parent. We are thankful to have known such a lovely person as Verona. God Bless you all in this time of sorrow ---- Marcia & Doug##imported-begin##Doug & Marcia Beglau##imported-end##

“ I regret that I won't be able to make it to the funeral, but my thoughts and prayers will be with all of you.

I remember Verona was the first person to notice that I needed glasses back when I first started taking piano lessons from her.

“ Verona was the last of her generation to be with us! It has been a shock that she so quickly stepped into eternity. We are thankful she enjoyed good health and remained so capable until her last few days. Her quiet, competent ways will continue to be an inspiration to us. Every Sunday morning she would lead our singing in our meeting. Camille is deeply missing her piano teacher whom is esteemed as THE BEST!!
